

PLANNING A PIG ROAST

Grumpy's experienced staff can come to your special event with a deboned, government-inspected hog, that we will slow cook to perfection! Pig Roasts are custom priced and include two of our fresh made sides. Add some chicken, or burgers and hot dogs, for an experience that friends, family, or employees will remember. Grumpy has over 25 years experience cooking Pig Roasts!

Fully cooked Pig Roasts can also be picked up by arrangement and served from one of our custom, stainless Pig Chaffers. Call for a quote!

Consider Doing Your Own Pig Roast!

We have everything you need to cook your own pig at your location. We can supply the prepared Pig, Roaster and Charcoal. Tell us your guest count, add some sides and get a price. This is especially great for smaller groups that don't require our staffing. The Roaster rents for only \$75.00.
